

ARTICLE XV - NEW CONSTRUCTION

SECTION 1. HOOK-ON FEE. The Board of Directors has established a hook-on fee as determined from time to time by the Board of Directors for new connections to the water system. The hook-on fee, by check or money order made out to Fyre Lake Water Company, is due and payable at the time of application for the Fyre Lake Association or Village of Sherrard building permit and must be paid at the Water Company prior to the start of any construction. Failure to follow this requirement will result in a "stop construction" order and the hook-on fee cost will be doubled.

Hook-on to the water main or curb box shall be done by a licensed plumber and inspected by the Fyre Lake Water Operator or other person designated by the Board of Directors to do so. Connection to the main shall not be permitted prior to payment of the hook-on fee.

SECTION 2. SERVICE LINE. A minimum 1" (one inch) service line, or such larger size line as may be required by state and local plumbing codes, shall be installed including an attached tracer wire for future location.

SECTION 3. PLUMBING CODES. All plumbing installed within the area served by the Fyre Lake Water system shall be constructed in accordance with all federal, state and local plumbing codes and regulations, and any applicable Environmental Protection Agency regulations.

SECTION 4. METER OR METER SLEEVE. A meter sleeve shall be installed on all new construction to facilitate possible future metered service at all non-commercial properties in Fyre Lake Development. Any commercial service connections and all new construction on the Fyre Lake west side (on Sherrard sewer service) shall have water meters installed at the time of construction. Commercial service connections shall be billed accordingly for metered service.

Please pay special attention to Article XIV Assessments and Collection, Article XV New Construction, and Article XVI Cross Connection Control.

Detach here and return verification below.

Please sign and return this document to the Fyre Lake Water Company along with your Hook-On Fee check in the amount of \$2,000.00 prior to the start of any construction. Addressed return envelope is attached.

I have received and will comply with all Fyre Lake Water Company By-Laws and Policies.
